PRAIRIE, FARM AND WOOD LANDS
IN TRACTS OF 40 ACRES AND UPWARD,
to suit purchasers, on long credits and at low rates of interest.
They were granted by the Government to encourage the
building of this Railread, which runs from the extreme north to

to suit purchasers, on long credits and at low rates of interest. They were granted by the Government to encourage the building of this Radiccad, which runs from the extreme north to the extreme south of the State of Illinois. It passes fromeal to end, through the richest and most fertile. Prairies of the State, dotted here and there with magnificent Oak Graves. The recent opening of nearly 500 miles of this rend throws open the lands for cultivation. They are scattered from one to fifteen miles on each side of it, through its entire longth.

The soil is a dark, rich medd, from one to dive feet in depth, is gently rolling, and peculiarly fifted for grazing cattle and sheep, and the entivation of wheat, Indian corn, &c.

The first crop of Indian corn planted on the newly broken prairie, usually pays the cost of plowing and sometimes fencing. Wheat sown on new turned soil a sure to yield very large profits. One man with a plow and two yoke of owen, will break one and a-laft to two cores per day. Contrasts can be made for breaking, ready for corn or wheat, at \$2.50 th 2.50 per acre. By judicious management farms may be broken and formed the first, and under a high state of cultivation the second year.

The larger yield on the cheap lands of Illinois, ever high-priced lands in the Eastern and Middle States, is known to be much more than sufficient to pay the difference of transportation for the Eastern merket. The rapid increase and growth of dourishing towns and villages along the line of this road a flord a growing home demand for farm produce.

Coal and wood are delivered slong the road at different points, at from \$1.50 th \$4 the cond or time.

Parties having in view lows, Kansas, Nebrasks or Minnesota for their future home, should take into consideration that the country west of the Mississippi is destitute of railroads, that from \$1.50 the \$4 the cond or time.

Parties having in view lows, Kansas, Nebrasks or Minnesota for their future home, should take into consideration that the country west of the distance

STEREST WILL BE CHARGED AT ONLY TWO THE CENT PER

chases.

As a security for the performance of the contract, the first two years interest must be paid in advance, but it must be understood that one-tunts of the land purchased shall yearly be brought under enlivation. Longer credits at six per court per amount may be important of the land purchased shall yearly be brought under enlivation. Longer credit at six per court per amount may be important by apocial asplication. Towenty per cent from the credit price will be deducted for cash, in whole case the Company's Construction Bonds will be received as each. It is being that they are long credit, and low rates of interest charge i for those amid, will enable a man with a lew hundred dollars in cash and ordinary industry, to make himself independent before all the purchase money becomes due. Weantime the rapid settlement of the country will probably have increased their value four or five field. When required, an experience person will accompany applicants to give informatica and all in solucing limits.

Large Plats, show in the precise occation of the lands throughout the State, may be a unsat the office. Small pocket Plats, as a rushe to any part of the Company's larus, and Pamphlets, contaming interesting information, accompanies by numerous letters from respectable turners throughout the State, may be had on application at the office of the Company, No. 32 fieldingness, Challess of LaND, situated in Mata-

5,000 ACRES of LAND, situated in Mata-on the Caney River, for sale or exchange. This land is well watered and timbered, and very fertile. For full particulars, apply at Mo. 16 Wall-st., to SYBVESTER LAY, Attornoy at Law and Commission or for all the States.
